PERSONAL PROFILE

Passionate Front-End Developer and BSCS Student specializing in modern web technologies (HTML5, CSS3, JS, React.js) with hands-on project experience in android app development. Currently building a full-fledged Android application as my Final Year Project. Eager to transform innovative ideas into user-centric digital solution while refining my skills in cross-platform development.

SKILLS

- Front- END Development (HTML, CSS, CSS Tailwind, React)
- Programming Languages (Python, C++, Java)
- Office (Word, Excel, PowerPoint)
- Designing (Canva, Figma)
- Android Studio

EXPERIENCE

Although I don't have direct experience, I'm a quick learner with a strong ability to adapt and absorb new skill and technologies. I'm confident in my ability to learn and grow in a dynamic environment. I'm a creative problem solver, a team player and a passionate individual driven to deliver high-quality results. I'm excited to bring my skills, enthusiasm, and strong work ethic to a new opportunity and contribute to innovative projects.
